1. Offering and Availability of our Services

Our services. We offer systems that enable you to pay parking fees (our '**parking payment systems**') and other services related to parking and car use (the '**related services**'). Our parking payment systems allow you to settle parking fees for specific on-street or off-street locations without the need to use cash. Instead, you register a parking action with our parking payment systems using the available methods and you will pay your parking fees through us. We will (periodically) charge you for your parking fees and any related service ordered by you.

When offering you our parking payment systems we are collecting the parking fees on behalf of the operator of the specific on-street or off-street location and acting on behalf of that operator to conclude a parking action requested by you.

For more details on the specific services we provide, please review http://www.parkmobile.co.uk/how_pay_by_phone_parking_works

Availability. You acknowledge that the use and availability of our parking payment systems is highly dependent on the operation of - for example - your mobile device, the internet, your GPS receiver and other resources you can use to access our services. If you are unable to access and use our parking payment systems, for any reason, you, and not we, are required to use alternative payment methods to pay for parking or there may be a risk that you could be liable for additional parking fees and parking tickets.

In case of any difficulties, please contact our helpdesk www.parkmobile.com/uk/contact

For the avoidance of doubt, we cannot ensure availability of our parking payment systems and related services. Neither can we ensure availability of a parking space.

Partners. Our parking payment systems and related services may be used in combination with services offered by our partners. Our partners will have their own terms of service and you will be required to accept their terms of service before use. We are not responsible for the service offered by our partners.

Please take note of the following: You (being the registrant of the account) are responsible and liable for all parking actions initiated with your account, also if you authorised, permitted or otherwise made your account available for someone else to use.

3. Use of Our Parking payment systems

Parking rule compliance. You must observe and comply with (local) traffic and parking regulations and follow instructions from municipal police, administrative authorities, and off-street parking vendors at all times.

Parking locations. You can use our parking payment systems to pay for parking at the parking spaces and areas indicated by us on the following website: <http://www.parkmobile.co.uk/locations/parking> . We are not responsible for loss or damage to your car or other properties while using the parking locations.

Parking actions. You can pay for parking at one of the parking locations by successfully registering your parking action with our parking payment systems. You can use one of the methods available in our tools to complete such registration, such as start/stop, selection and prepay of a specific duration (buy time) or capture of vehicle movements by means of in/out methods. Successful registration requires confirmation of your parking action by our parking payment systems.

Please take note of the following: Additional instructions on how to register your parking action may be provided on-site at the parking location. You are required to follow the instructions at all times. Further to the instructions provided by us and the parking location controller, the following specific conditions apply:

Auto Pay on the basis of ANPR (automatic number plate recognition), RFID tag, Bluetooth, UHF tag or vehicle beacon or other vehicle identifier.

You must register and enable Auto Pay for specific locations and vehicles, after which we can charge all parking fees incurred by that vehicle based on the entrance/exit of the vehicle identifier.

You can cancel Auto Pay at any time. Go to <https://uk.parkmobile.com/epms/clientpages/> and select the delete account option. Once your account has been deleted you will be responsible for finding an alternative payment method when parking at Auto Pay enabled locations. Termination does not prejudice the amounts due as a result of any Auto Pay transactions that took place prior to termination

If a parking fee remains unpaid, you may not be able to exit a location.

The car park operator is responsible for the equipment relied upon for the successful processing of Auto Pay transactions. They are also responsible for collecting all monies transacted from Auto Pay payments. Therefore the operator is responsible for all disputes including billing, accounting errors or incorrect issue of a parking fine. Please contact the car park operator in the event of an error or query regarding your Auto Pay account. We are not responsible for system outages or failures in the ANPR or other vehicle tracking system used.

Auto Pay enabled accounts are not considered as credit accounts and are not protected by laws as such

You alone are responsible for providing us with the correct details for your parking action and you will be responsible for paying any penalty charge or parking fee issued as a result of incorrect parking action details.

We emphasize that you must read the instructions before you start using our parking payment systems, as incorrect use might lead to penalty charges, incorrect payments or other consequences.

In addition you can elect to receive a reminder advising you when your parking session is due to end. We emphasize that your parking action still remains your responsibility.
